

Biomedical Engineer

EnGeneIC Pty Ltd is a clinical stage innovative Australian biotechnology company which has developed a novel targeted nanocell for cancer treatment. We have a state of the art and unique manufacturing facility and a new position has become available as part of this exciting manufacturing project.

We are currently seeking a Biomedical Scientist/Engineer for our Production facility to join our highly dedicated production team.

This position requires

- Active participation in manufacturing of EnGeneIC's targeted nanocell cancer therapeutics.
- Participating in research and development work associated with cGMP manufacturing process.
- Developing and optimising translation from laboratory to larger scale manufacture.
- Documenting batch records and SOPs.
- Complying with company policies, safety standards, quality specifications, regulatory agency requirements, and cGMP compliance.

The successful candidate should have:

- Proven working knowledge of TGA/FDA and EU's GMP guidelines.
- A working knowledge of sterile process, clean room procedure, equipment and cleaning validation, together with freeze-drying and vial fill
- Superior ability to write work instruction and SOPs for sterile process according to the cGMP requirement.
- Knowledge or experience with cross-flow filtration and particle purification techniques
- Proven experience in translating laboratory scale procedures to manufacturing scale.
- A working knowledge of applied microbiology and molecular biology.
- Some Experience in the preparation of documents for GMP regulated environment.
- Can work and participate effectively in a team environment and willing to physically be involved in manufacturing process.

Key Requirements:

- Tertiary qualification in Biomedical Engineering or Sciences or related field.
- Must be self directed, motivated and able to work independently with limited supervision, as well as part of a team.
- Must be a quick learner, results oriented and committed to always deliver quality.

EnGeneIC Pty Limited

ABN 59 091 336 499

Building 2, 25 Sirius Road, Lane Cove West NSW 2066

Phone: 61 2 9420 5844

Fax: 61 2 9420 5877
